Description of Organization	
11.	<i>Briefly</i> describe your organization.
	Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. ("HMFP") is a non-profit, Section 501(c)(3) corporation that employs approximately 800 physicians who are members of the Medical Staff of Beth Israel Deaconess Medical Center ("BIDMC") and faculty members of Harvard Medical School. HMFP is governed by a Board of Directors that consists of the 13 Chairs of HMFP's clinical Departments, the Chief Executive Officer of BIDMC, the Chief Executive Officer, Chief Administrative and Strategy Officer and Chief Financial Officer of HMFP, 4 physician employees of HMFP, and 6 independent Community Directors. HMFP is affiliated with BIDMC through an exclusive affiliation agreement that was signed in 2006.

13.	What is the proposed effective date of the proposed material change?	60 days from the date of this filing or sooner if notified by HPC.
Material Change Narrative		
14.	<p><i>Briefly</i> describe the nature and objectives of the proposed material change:</p> <p>HMFP and BIDMC will enter into a clinical affiliation with Cambridge Health Alliance ("CHA"). The objective of the affiliation is to deliver coordinated, high-quality, equitable, and cost-effective care to the patients and communities the organizations serve. The affiliation includes the following elements:</p> <p><u>Primary Care</u>: The organizations will seek to optimize the provision of primary care in CHA's service area and will collaborate to improve equitable primary care delivery to patients in the service area.</p> <p><u>Specialty and Sub-Specialty Care</u>: The organizations will evaluate the specialty and sub-specialty care needs of the populations and communities served by CHA and identify and implement service options to meet these needs. In doing so, a primary objective will be to equitably serve the health care needs of CHA patients within their own communities. The organizations will co-recruit physicians in certain specialties, and the organizations anticipate that BIDMC and HMFP will provide certain specialty and sub-specialty services to CHA patients in the community in areas yet to be determined.</p> <p><u>Emergency and Trauma Care, and Tertiary and Quaternary Care</u>: BIDMC will provide seamless, direct access to all BIDMC departments for care needed by CHA patients. BIDMC will be a preferred provider for tertiary and quaternary care to CHA adult patients and CHA's Whidden Hospital campus will be a preferred provider for secondary care for BIDMC patients in the CHA service area.</p> <p><u>Medical Education and Professional Development</u>: BIDMC and CHA will serve as rotation sites for each other's medical residents. Initial rotations will be in emergency medicine, cardiology, and family medicine. The organizations will coordinate Harvard Medical School faculty appointments for CHA physicians in certain departments and will also share certain professional development resources.</p> <p><u>Health Care Quality</u>: The organizations will broadly collaborate in health care quality initiatives and quality assurance processes.</p> <p><u>Community and Provider Education</u>: Through co-branding and other means, the organizations will work together to alert patients, providers and the larger communities served to the new care collaboration efforts.</p> <p><u>Electronic Medical Records</u>: BIDMC and CHA have established bi-directional access to the respective electronic medical records of patients seen by both organizations.</p> <p>This clinical affiliation will not change the ownership, governance, or operational structure of CHA.</p> <p>The provider organizations will be further integrated and linked through CHA's intended participation in Beth Israel Deaconess Care Organization ("BIDCO"), an accountable care organization. This is not expected to occur until January 2014. This information is mentioned in this filing because it is an important component of the organizations' overall relationship. A separate filing further describing CHA's participation in BIDCO will be made at the appropriate time.</p>	
15.	<i>Briefly</i> describe the anticipated impact of the proposed material change:	

	<p>HMFP, BIDMC and CHA will become more clinically aligned in order to improve care for our patients and communities. The organizations' shared goal is to provide high quality, cost effective care in the most appropriate setting. The organizations will work to enhance and expand the range of services offered locally at CHA sites through various means which may include the joint recruitment of physicians, HMFP providers holding specialty and sub-specialty clinics at CHA sites under various arrangements, shared medical education and quality improvement efforts, and other similar collaborative arrangements. When tertiary or quaternary-level care is needed within an academic medical center setting, this relationship could result in a greater number of patients from the CHA communities being served by BIDMC than is presently the case.</p>

Development of the Material Change	
16.	Describe any other material changes you anticipate making in the next 12 months:
	<p>HMFP and BIDMC are currently engaged in discussions regarding a new clinical affiliation with Signature Healthcare (Brockton) and a potential acquisition by BIDMC of Jordan Hospital (Plymouth). Along with BIDMC, HMFP is engaged in very preliminary discussions with New England Baptist Hospital (also a member of CareGroup) about a collaboration (to date, wholly undefined, though not a merger) for the provision of bone and joint care services. Additionally, HMFP, along with BIDMC, is engaged with Atrius Health and Lahey Health in very preliminary and high-level discussions about a possible new multi-party collaboration, with no decisions to date as to whether to proceed or as to form or functions.</p>
17.	Indicate the date and nature of any applications, forms, notices or other materials you have submitted regarding the proposed material change to any other state or federal agency:
	<p>None. Simultaneously with this application filing, we will file notice with the Office of the Attorney General and the Center for Health Information and Analysis as required.</p>
