Description of Organization	
11.	<i>Briefly describe your organization.</i>
	Seacoast Regional Health System ("Anna Jaques Hospital") is a 123 bed Massachusetts independent, not-for-profit community hospital serving 17 cities and towns in the Merrimack Valley, North Shore and Southern New Hampshire. Anna Jaques Hospital is recognized for delivering high quality, low cost community health care with an emphasis on patient satisfaction. The hospital is clinically affiliated with Beth Israel Deaconess Medical Center (BIDMC), a Boston academic medical center and major teaching hospital of Harvard Medical School.

Type of Material Change	
12.	Check the box that most accurately describes the proposed material change:
	<ul style="list-style-type: none"> <input type="checkbox"/> Merger or affiliation with a carrier <input type="checkbox"/> Acquisition of or acquisition by a carrier <input type="checkbox"/> Merger with or acquisition of or by a hospital or a hospital system <input checked="" type="checkbox"/> Any other acquisition, merger, or affiliation between a provider organization and another provider organization where such acquisition, merger, or affiliation would result in an increase in annual net patient service revenue of the provider or provider organization of more than \$10,000,000 <input type="checkbox"/> Any clinical affiliation between a provider or provider organization with another provider or provider organization which itself has an annual net patient service revenue of more than \$25,000,000 <input type="checkbox"/> Formation of a partnership, joint venture, common entity, accountable care organization, or parent corporation created for the purpose of contracting on behalf of more than one provider or provider organizations

13.	What is the proposed effective date of the proposed material change?	The proposed effective date ("Effective Date") would be not sooner than 60 days from the date of this filing.
Material Change Narrative		
14.	<i>Briefly describe the nature and objectives of the proposed material change:</i>	
	<p>Anna Jaques Hospital, which is a member of Lower Merrimac Valley Physician Hospital Organization (LMVPHO), intends to join Beth Israel Deaconess Care Organization (BIDCO) as participating provider as of 60 days from the date of this filing or sooner if notified by HPC ("Effective Date"), for the purpose of aligning risk among Whittier IPA, Inc. physicians, our hospital, and BIDCO ACO affiliate members, as well as implementing shared care management programs across all BIDCO providers.</p> <p>Anna Jaques Hospital will become part of BIDCO after the Effective Date and will join BIDCO payor contracts as contracts come up for renewal. Note that although Anna Jaques Hospital will be new to BIDCO, it has an existing clinical affiliation with BIDMC, which has been in place for approximately four years. Once Anna Jaques Hospital is participating in a BIDCO risk contract, BIDCO will integrate clinical care data into its data warehouse, where the information will be utilized to improve patient quality of care and efficiency, and where Anna Jaques Hospital and the Whittier IPA providers will also receive reports and analytics to help meet these goals.</p>	
15.	<i>Briefly describe the anticipated impact of the proposed material change:</i>	
	<p>Anna Jaques Hospital participation in the BIDCO network of providers will bring about many beneficial opportunities for care improvement and efficiency in the provision of patient care and other services, both for LMVPHO providers and for the current providers in the BIDCO network. Each organization brings its unique experience and success in the management of patients, with LMVPHO and its constituent members having experience with population management as well as integration of clinical information across its provider network, and BIDCO having successful experience in the management of total medical expense (TME) and extensive work in the implementation of care management programs. Synergy across the BIDCO network will allow for continuous improvement in the management of medical cost trends, allowing payors to maintain lower premium increases for the benefit of health care consumers. In addition, shared clinical information through EHRs promotes better management of patient health, both in terms of cost and quality of care provided. Infrastructure is more easily coordinated and distributed when providers are working together using similar processes, accessing uniform systems, and following coordinated care pathways and protocols.</p>	

Development of the Material Change		
16.	Describe any other material changes you anticipate making in the next 12 months:	
	At this time, there are no other anticipated affiliations within the next 12 months.	
17.	Indicate the date and nature of any applications, forms, notices or other materials you have submitted regarding the proposed material change to any other state or federal agency:	
	None
