MATERIAL CHANGE NARRATIVE

14. *Briefly* describe the nature and objectives of the proposed Material Change, including whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

Tufts Medical Center Physicians Organization, Inc. ("Tufts MCPO) which is Tufts Medical Center's academic physician organization, will enter into an agreement (the "Clinical Affiliation") with Cape Cod Hospital ("CCH") pursuant to which pediatricians employed by Tufts MCPO will provide professional pediatric services to oversee and staff CCH's pediatric hospitalist program.

Included in the parties' goal for the Clinical Affiliation are (i) to promote consistency and improvement of newborn medicine and pediatric services at CCH; (ii) maximize the quality, capacity, and efficiency of CCH's pediatric hospitalist program; (iii) promote efficient and effective integration between pediatric hospitalist services and other medical services provided at CCH; and (iv) maximize the quality of, supervision, and supplemental training of CCH personnel in the field of pediatrics.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

The primary objective of the Clinical Affiliation is to enhance the delivery of pediatric services at CCH, allowing CCH to serve pediatric patients with a higher acuity and provide care to more patients within CCH's local community. The parties do not anticipate any change in reimbursement rates for care provided at CCH as a result of the Clinical Affiliation. Any reduction in the need to transfer patients from CCH to higher cost tertiary or quaternary medical centers that may be achieved by the Clinical Affiliation would be expected to reduce total medical spending.
