DESCRIPTION OF ORGANIZATION

11. Briefly describe your organization.

MWA, P.C. ("Riverbend") is a multi-specialty physician practice with a principal business office at 1109 Granby Road, Chicopee, Massachusetts.

TYPE OF MATERIAL CHANGE

12. Check the box that most accurately describes the proposed Material Change involving a Provider or Provider Organization:

- A Merger or affiliation with, or Acquisition of or by, a Carrier;
- A Merger with or Acquisition of or by a Hospital or a hospital system;
- Any other Acquisition, Merger, or affiliation (such as a Corporate Affiliation, Contracting Affiliation, or employment of Health Care Professionals) of, by, or with another Provider, Providers (such as multiple Health Care Professionals from the same Provider or Provider Organization), or Provider Organization that would result in an increase in annual Net Patient Service Revenue of the Provider or Provider Organization of ten million dollars or more, or in the Provider or Provider Organization having a near-majority of market share in a given service or region;
- Any Clinical Affiliation between two or more Providers or Provider Organizations that each had annual Net Patient Service Revenue of \$25 million or more in the preceding fiscal year; provided that this shall not include a Clinical Affiliation solely for the purpose of collaborating on clinical trials or graduate medical education programs; and
- Any formation of a partnership, joint venture, accountable care organization, parent corporation, management services organization, or other organization created for administering contracts with Carriers or third-party administrators or current or future contracting on behalf of one or more Providers or Provider Organizations.

13. What is the proposed effective date of the proposed Material Change? July 1, 2016

MATERIAL CHANGE NARRATIVE

14. *Briefly* describe the nature and objectives of the proposed Material Change, including any exchange of funds between the parties (such as any arrangement in which one party agrees to furnish the other party with a discount, rebate, or any other type of refund or remuneration in exchange for, or in any way related to, the provision of Health Care Services) and whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

The Material Change is in the form of an acquisition wherein Sisters of Providence Health System, Inc. ("SPHS") will create a new Massachusetts non-profit corporation as a medical practice affiliate of SPHS ("Newco"); Newco will purchase assets of RiverBend; and Newco will employ the physicians, advanced practice clinicians, and staff of RiverBend who, following the closing of the Material Change, will provide medical services for and on behalf of Newco. The principal objective of the proposed Material Change is to improve the quality and efficiency of health care services to the communities served by SPHS and its parent health system, Trinity Health New England, Inc. ("THNE"), by integrating experienced, respected, high quality practitioners into SPHS' provider network and advancing the development of a model of care that is more coordinated, efficient and affordable. No changes in Health Care Services, or the location of the delivery of such services is currently anticipated in connection with the proposed Material Change, but it is anticipated that the Material Change will facilitate the coordination and enhancement of care delivery to the communities of Western Massachusetts, in part by leveraging the primary care focus, specialty expertise, and physician leadership that RiverBend will bring to SPHS and Newco.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

No adverse impact on reimbursement rates is anticipated as a result of the proposed Material Change. In fact, it is anticipated that the Material Change will enhance the coordination and efficiency of care and thereby render care more affordable. In addition, as part of SPHS, Newco (and its practitioners) will have access to THNE's lower cost of capital, value-based purchasing initiative, and programs such as insurance and risk management, compliance, cash management, innovation, and development of clinical practices and protocols.

It is noted that all of RiverBend's physicians are already members of Mercy Hospital's Medical Staff, and that for most of those physicians, Mercy Hospital is their primary referral hospital. Following the Material Change, the physicians will remain able to refer to facilities which they or their patients choose, or that they deem best suited to meet their patients' needs.

It is anticipated that access to care will be enhanced by the Material Change since Newco will be a tax-exempt entity and a SPHS affiliate that will be bound by SPHS' faith-based mission and commitment to care for those in need.
