TYPE OF MATERIAL CHANGE

- A Merger or affiliation with, or Acquisition of or by, a Carrier;
- A Merger with or Acquisition of or by a Hospital or a hospital system;
- Any other Acquisition, Merger, or affiliation (such as a Corporate Affiliation, Contracting Affiliation, or employment of Health Care Professionals) of, by, or with another Provider, Providers (such as multiple Health Care Professionals from the same Provider or Provider Organization), or Provider Organization that would result in an increase in annual Net Patient Service Revenue of the Provider or Provider Organization of ten million dollars or more, or in the Provider or Provider Organization having a near-majority of market share in a given service or region;
- Any Clinical Affiliation between two or more Providers or Provider Organizations that each had annual Net Patient Service Revenue of \$25 million or more in the preceding fiscal year; provided that this shall not include a Clinical Affiliation solely for the purpose of collaborating on clinical trials or graduate medical education programs; and
- Any formation of a partnership, joint venture, accountable care organization, parent corporation, management services organization, or other organization created for administering contracts with Carriers or third-party administrators or current or future contracting on behalf of one or more Providers or Provider Organizations.

13. What is the proposed effective date of the proposed Material Change? 4/21/21

MATERIAL CHANGE NARRATIVE

14. *Briefly* describe the nature and objectives of the proposed Material Change, including any exchange of funds between the parties (such as any arrangement in which one party agrees to furnish the other party with a discount, rebate, or any other type of refund or remuneration in exchange for, or in any way related to, the provision of Health Care Services) and whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

The Purchasers will re-establish up to 84 inpatient psychiatric beds (an expansion of 10 beds above the former licensed operator, Mercy Hospital, Inc. d/b/a Providence Behavioral Health) licensed by the Department of Mental Health, as well as resume certain Bureau of Substance Addiction Services-licensed services including inpatient detoxification, IOP, CSS, and Opioid Treatment services. A related entity will purchase the real property on which the facility is located on or February 16, 2021 and, pending approvals, a clinical asset purchase will take place on or about April 19, 2021. While the purchasers will render funds for the clinical asset purchase, no discount, rebate, refund, etc. exists beyond that negotiated dollar amount.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

The Purchasers have no evidence that this transaction will impact reimbursement rates other than enhanced funding provided by MassHealth specifically to support the creation of additional psychiatric beds in the Commonwealth. These rates are uniform across the Commonwealth. Access to needed behavioral health services will increase, which is an impetus for the Commonwealth's support of this transaction, including financially.
