## DESCRIPTION OF ORGANIZATION

11. *Briefly* describe your organization.

Atrius Health, Inc., a Massachusetts non-profit corporation ("Atrius"), in its current form was created in 2015 through the merger of Dedham Medical Associates, Granite Medical Group, and the then-current Atrius Health parent company into Harvard Vanguard Medical Associates (which subsequently changed its legal name to Atrius Health, Inc.). Atrius is a physician-led, tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Atrius strives to improve the lives of patients by providing high-quality and cost-effective care through population health and total medical expense management. Through its mission, Atrius has made health care services more affordable for Massachusetts residents in accordance with the Commonwealth's key health policy goal of reducing the rate of increase in health care costs. Atrius has more than 1,000 employed clinicians and delivers care to more than 730,000 patients at its 30 medical practice locations.

## TYPE OF MATERIAL CHANGE

12. Check the box that most accurately describes the proposed Material Change involving a Provider or Provider Organization:

- A Merger or affiliation with, or Acquisition of or by, a Carrier;
- A Merger with or Acquisition of or by a Hospital or a hospital system;
- Any other Acquisition, Merger, or affiliation (such as a Corporate Affiliation, Contracting Affiliation, or employment of Health Care Professionals) of, by, or with another Provider, Providers (such as multiple Health Care Professionals from the same Provider or Provider Organization), or Provider Organization that would result in an increase in annual Net Patient Service Revenue of the Provider or Provider Organization of ten million dollars or more, or in the Provider or Provider Organization having a near-majority of market share in a given service or region;
- Any Clinical Affiliation between two or more Providers or Provider Organizations that each had annual Net Patient Service Revenue of \$25 million or more in the preceding fiscal year; provided that this shall not include a Clinical Affiliation solely for the purpose of collaborating on clinical trials or graduate medical education programs; and
- Any formation of a partnership, joint venture, accountable care organization, parent corporation, management services organization, or other organization created for administering contracts with Carriers or third-party administrators or current or future contracting on behalf of one or more Providers or Provider Organizations.

13. What is the proposed effective date of the proposed Material Change? **Following receipt of all required regulatory approvals.**

## MATERIAL CHANGE NARRATIVE

14. *Briefly* describe the nature and objectives of the proposed Material Change, including any exchange of funds between the parties (such as any arrangement in which one party agrees to furnish the other party with a discount, rebate, or any other type of refund or remuneration in exchange for, or in any way related to, the provision of Health Care Services) and whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

Atrius proposes to change its status from a federally tax-exempt Massachusetts MGL c. 180 corporation and public charity to a taxable Massachusetts MGL c. 180 corporation that is not a public charity, and to transfer its non-clinical assets to a management services organization (MSO) owned by OptumCare. The MSO will provide administrative and other non-clinical support services to Atrius, which will continue to employ its physicians and certain other providers and contract with payors, including with respect to risk arrangements and other alternative payment models. As is required by MGL c. 180 §8A(c), following approval by the Massachusetts Attorney General's Office, Atrius will transfer the fair market value of its net assets to an independent Massachusetts public charity to meet the health care-related needs of the communities served by Atrius. OptumCare will help to fund and support Atrius' strategic and operating plans and support Atrius' efforts to recruit and retain high-quality physicians and other providers to eastern Massachusetts, which will serve to improve the health status in the region by offering enhanced services to current and future Atrius patients. The Atrius physicians will retain their clinical practice autonomy, and OptumCare is dedicated to maintaining Atrius' workforce. Atrius does not anticipate that any Health Care Services will be diminished in connection with the proposed Material Change. This arrangement will support the growth and expansion of Atrius' unique care model, which delivers value to the patient through the provision of value-based, high-quality care at lower total medical expense.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

Atrius does not anticipate that the proposed Material Change will have an immediate impact on reimbursement rates, care referral patterns, access to needed services, or quality of care. Over time, Atrius expects the Material Change to improve Atrius' ability to care for its patients and to provide high-value care.

## DEVELOPMENT OF THE MATERIAL CHANGE

16. Describe any other Material Changes you anticipate making in the next 12 months:

Atrius anticipates entering into Hospital Collaboration Agreements (Clinical Affiliations) with two community Hospitals in the next 12 months similar to those Clinical Affiliations that were the subject of Notices of Material Change previously submitted to the Commission by Atrius (e.g., with respect to Lowell General Hospital and Winchester Hospital), as well as an ambulatory endoscopy center joint venture with one or more Providers.

17. Indicate the date and nature of any applications, forms, notices or other materials you have submitted regarding the proposed Material Change to any other state or federal agency:

The parties will provide any notices and make any filings with government agencies as may be required in support of this Material Change, including filings with the Massachusetts Attorney General's Office pursuant to MGL c. 180 §8A(c) (regarding transfers of assets).

18. Submit the following materials, if applicable, under separate cover to [HPC-Notice@state.ma.us](mailto:HPC-Notice@state.ma.us).
