### DESCRIPTION OF ORGANIZATION

11. *Briefly* describe your organization.

Joslin Diabetes Center, Inc. ("Joslin Diabetes Center") is a charitable organization that performs basic and clinical research on the causes, treatment, and cure of diabetes and its complications. Its wholly-controlled subsidiary, Joslin Clinic, Inc. ("Joslin Clinic," and together with Joslin Diabetes Center, "Joslin"), operates a clinic specializing in the outpatient treatment of persons with diabetes. The Joslin entities have long-standing relationships to Beth Israel Deaconess Medical Center ("BIDMC"), and their physicians and researchers have appointments at Harvard Medical School.

### TYPE OF MATERIAL CHANGE

12. Check the box that most accurately describes the proposed Material Change involving a Provider or Provider Organization:

- A Merger or affiliation with, or Acquisition of or by, a Carrier;
- A Merger with or Acquisition of or by a Hospital or a hospital system;
- Any other Acquisition, Merger, or affiliation (such as a Corporate Affiliation, Contracting Affiliation, or employment of Health Care Professionals) of, by, or with another Provider, Providers (such as multiple Health Care Professionals from the same Provider or Provider Organization), or Provider Organization that would result in an increase in annual Net Patient Service Revenue of the Provider or Provider Organization of ten million dollars or more, or in the Provider or Provider Organization having a near-majority of market share in a given service or region;
- Any Clinical Affiliation between two or more Providers or Provider Organizations that each had annual Net Patient Service Revenue of \$25 million or more in the preceding fiscal year; provided that this shall not include a Clinical Affiliation solely for the purpose of collaborating on clinical trials or graduate medical education programs; and
- Any formation of a partnership, joint venture, accountable care organization, parent corporation, management services organization, or other organization created for administering contracts with Carriers or third-party administrators or current or future contracting on behalf of one or more Providers or Provider Organizations.

13. What is the proposed effective date of the proposed Material Change? **On receipt of all regulatory approvals**

## MATERIAL CHANGE NARRATIVE

14. *Briefly* describe the nature and objectives of the proposed Material Change, including any exchange of funds between the parties (such as any arrangement in which one party agrees to furnish the other party with a discount, rebate, or any other type of refund or remuneration in exchange for, or in any way related to, the provision of Health Care Services) and whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

Joslin Diabetes Center has entered into an Affiliation Agreement with Beth Israel Lahey Health ("BILH"), under which BILH will become the sole corporate member of the Joslin Diabetes Center. As a result, Joslin Diabetes Center will become a direct subsidiary of BILH, and the Joslin Clinic will become an indirect subsidiary of BILH.

The Affiliation Agreement specifies that BILH will provide Joslin Diabetes Center with specified amounts of funding to support its research mission. It also states that BILH and Joslin will seek economies of scale and efficiency through improved group purchasing, shared administrative services and similar means. BILH and Joslin also will evaluate means of bringing improved clinical services to patients of the Joslin Clinic, and to patients of other health care facilities that are part of the BILH system. See Article V of the Affiliation Agreement.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

Joslin does not anticipate any impact on reimbursement rates, as its managed care contracting is already carried out by the Beth Israel Lahey Health Performance Network, a part of the BILH system. Since Joslin Clinic physicians already have privileges at BIDMC, a BILH facility, and provide inpatient coverage at that facility, no material change in referral patterns is anticipated. The parties plan to study ways in which care for the Joslin Clinic's patients can be enhanced through a stronger clinical relationship with BIDMC, and ways in which patients at other BILH facilities can obtain the benefits of the Joslin Clinic's specialized expertise.

## DEVELOPMENT OF THE MATERIAL CHANGE

16. Describe any other Material Changes you anticipate making in the next 12 months:

None.

17. Indicate the date and nature of any applications, forms, notices or other materials you have submitted regarding the proposed Material Change to any other state or federal agency:

Joslin Clinic will submit a Notice of Intent to Acquire to the Massachusetts Department of Public Health ("DPH") regarding an indirect change of ownership of Joslin Clinic, and other notices regarding its other DPH permits (radiation control, CLIA and the like). Joslin Clinic also will submit a notice to the U.S. Drug Enforcement Administration. Joslin Diabetes Center will submit to the U.S. Federal Trade Commission a Notification and Report Form of Certain Mergers and Acquisitions.

## SUPPLEMENTAL MATERIALS

18. Submit the following materials, if applicable, under separate cover to [HPC-Notice@state.ma.us](mailto:HPC-Notice@state.ma.us).

The Health Policy Commission shall keep confidential all nonpublic information, as requested by the parties, in accordance with M.G.L. c. 6D, § 13(c), as amended by 2013 Mass. Acts, c. 38, § 20 (July 12, 2013).
