### Description of Organization

11. Briefly describe your organization.

Baystate Medical Practices, Inc. ("BMP") is a medical group practice in the the Baystate Health, Inc. ("BH") health system which primarily serves Western Massachusetts. BMP is the physician practice organization of BH, established to support and assist BH and its affiliate hospitals in achieving the fulfillment of their clinical, teaching, research, and other missions related to health care. BMP is a primary and multi-specialty group practice that employs over 1,000 physicians and advanced practitioners practicing at over 60 sites across Western Massachusetts.

### Type of Material Change

12. Check the box that most accurately describes the proposed Material Change involving a Provider or Provider Organization:

- A Merger or affiliation with, or Acquisition of or by, a Carrier;
- A Merger with or Acquisition of or by a Hospital or a hospital system;
- Any other Acquisition, Merger, or affiliation (such as a Corporate Affiliation, Contracting Affiliation, or employment of Health Care Professionals) of, by, or with another Provider, Providers (such as multiple Health Care Professionals from the same Provider or Provider Organization), or Provider Organization that would result in an increase in annual Net Patient Service Revenue of the Provider or Provider Organization of ten million dollars or more, or in the Provider or Provider Organization having a near-majority of market share in a given service or region;
- Any Clinical Affiliation between two or more Providers or Provider Organizations that each had annual Net Patient Service Revenue of \$25 million or more in the preceding fiscal year; provided that this shall not include a Clinical Affiliation solely for the purpose of collaborating on clinical trials or graduate medical education programs; and
- Any formation of a partnership, joint venture, accountable care organization, parent corporation, management services organization, or other organization created for administering contracts with Carriers or third-party administrators or current or future contracting on behalf of one or more Providers or Provider Organizations.

13. What is the proposed effective date of the proposed Material Change? 1/1/2025

## Material Change Narrative

14. *Briefly* describe the nature and objectives of the proposed Material Change, including any exchange of funds between the parties (such as any arrangement in which one party agrees to furnish the other party with a discount, rebate, or any other type of refund or remuneration in exchange for, or in any way related to, the provision of Health Care Services) and whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

Springfield Anesthesia Service, Inc. ("SAS") is a privately owned physician practice that has historically been the exclusive anesthesia services provider to the hospitals affiliated with BH. The parties now agree that it would be more efficient for Baystate Medical Practices, Inc. ("BMP") to employ the anesthesiologists and CRNAs. BMP will employ the SAS practitioners and provide anesthesia services at BH affiliated hospitals. SAS will cease providing services and will be wound down. The parties do not anticipate any impact on access to services as a result of this change because the same providers of anesthesia services will continue to provide such services as employees of BMP at the same hospital locations.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

BMP does not anticipate that the material change will have a material impact on reimbursement rates or care referral patterns. The material change will allow Baystate Health to ensure continued access to anesthesia services.
