RE: Notice of Successful Performance Improvement Plan

Dear Dr. Klibanski:

The HPC held an Executive Session and public Board meeting on December 12, 2024 to consider whether Mass General Brigham's (MGB's) Performance Improvement Plan (PIP), as approved by the HPC on September 27, 2022 and implemented by MGB from October 1, 2022 through on March 31, 2024, was successful.

The HPC's evaluation was guided by the factors listed in 958 CMR 10.13(3) and informed by the confidential information MGB provided throughout the PIP, MGB's public reports on its PIP, and other data sources. The HPC's findings are summarized in its Evaluation Report, which is enclosed here and available on the [HPC's website](#). On December 12, 2024, the HPC's Board of Commissioners voted that MGB's PIP was successful. No further action is required at this time.

The HPC and CHIA will continue to monitor MGB's spending performance. Should high spending growth result in a referral to the HPC in future years, the HPC may consider MGB's past referrals and all other available spending data when evaluating whether to require a PIP or conduct a CMIR.

The HPC appreciates your cooperation during the development, implementation, and evaluation of the PIP.

Sincerely,

A handwritten signature in blue ink that reads "David Seltz".

David M. Seltz
Executive Director
