

INVESTMENT PROGRAM PORTFOLIO

APRIL 2026

COMPLETE

Community Hospital Acceleration, Revitalization, and Transformation (CHART)

Supported investments in community hospitals to enhance the delivery of efficient, high-quality care.

LAUNCHED 2014

Health Care Innovation Investment Program (HCII)

Supported innovative models that deliver better health and better care at a lower cost across three pathways:

- Targeted Cost Containment
- Telemedicine
- Neonatal Abstinence Syndrome

LAUNCHED 2016

SHIFT-CARE Challenge (SHIFT)

Supported sustainable, transformative care models seeking to reduce avoidable acute care utilization across two pathways:

- Health-related Social Needs
- Behavioral Health

LAUNCHED 2018

COMPLETE: IN EVALUATION

Moving Massachusetts Upstream (MassUP)

Supported partnerships between health care providers and community organizations to address social determinants of health (SDOH) and drivers of health inequities.

LAUNCHED 2020

Cost-Effective, Coordinated Care for Caregivers and Substance Exposed Newborns (C4SEN)

Supported hospital initiatives to improve the quality, efficiency, and access to care for substance exposed newborns and their caregivers.

LAUNCHED 2021

Birth Equity and Support through the Inclusion of Doula Expertise (BESIDE)

Supported initiatives to address inequities in maternal health outcomes and improve the care and patient experience of Black birthing people by increasing access to and use of doula services.

LAUNCHED 2021

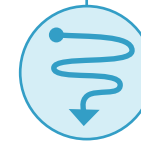

ACTIVE

Hypertensive Disorders Equitably Addressed with Remote Technology for Birthing People (HEART-BP)

Supports initiatives to address inequities in hypertensive disorders of pregnancy through the use of patient-centered remote blood pressure monitoring (RBPM) technology.

LAUNCHED 2025

PATHways Investment Program

Supports acute care hospitals in Massachusetts to streamline patient discharges into their homes and communities rather than into institutional settings.
