MA-RPO DATA RELEASE NOTES

These release notes are meant to assist end users in their interpretation and utilization of the 2022 MA-RPO dataset. This document augments, rather than supersedes, all previous Data Release Notes available on the MA-RPO data webpage. Unless otherwise stated in this document, the items described in previous Data Release notes are also applicable to the 2022 data files and have not been reproduced here. Additional questions on the MA-RPO data can be directed to program staff at HPC-RPO@mass.gov.

Publication Date: November 2023

Data Year

The MA-RPO Program requires that filings be accurate as of a specific date to enhance uniformity and comparability across filings. The dates for each file in the 2022 filing are listed below.

File	Data Accurate As of:
Background Information	1/1/2022
Corporate Affiliations	1/1/2022
Contracting Affiliations	1/1/2022
Contracting Entity	1/1/2022
Facilities	1/1/2022
Clinical Affiliations	1/1/2022
Physician Roster	1/1/2022
Financial Statements	Reflects the entity's most recently completed fiscal year. This was most often FY 2021 or FY 2022. The fiscal year is reported in each entity's Financial Statement's file.
Payer Mix	Reflects the entity's most recently completed fiscal year.

Abbreviated Applications

Provider Organizations that were approved to file abbreviated applications did not submit a physician roster as part of their filings. These applicants establish contracts on behalf of a group of physicians that also participate in a larger physician network. For example, a multi-specialty physician practice may establish some fee-for-service contracts independently while also participating in an Independent Physician Association (IPA) for its risk contracts. If the multi-specialty physician practice attested that all of its physicians would be reported on the IPA's physician roster, the MA-RPO Program approved the multi-specialty practice to file an abbreviated application. To identify a Provider Organization whose physician roster includes an abbreviated applicant's physicians, refer to data element RPO-39: Legal Name of Third-Party Contracting Entity(ies) in the abbreviated applicant's Background Information file, or refer to the list below.

Please note that Encompass Health Corporation and Quest Diagnostics Incorporated do not establish any contracts on behalf of physicians, and therefore, while not qualifying for abbreviated applications, have not submitted physician rosters.

2022 Updates to the List of Registering Provider Organizations

Two organizations that registered in 2021 underwent organizational changes that affected their registration for 2022.

Franciscan Hospital for Children, Inc: Franciscan Hospital for Children no longer met the program's registration threshold (\$25M in commercial net patient service revenue) for the 2022 filing. Franciscan Children's was subsequently acquired by Children's Medical Center Corporation on July 1, 2023. All

data pertaining to Franciscan Children’s Hospital will be included in the filing for Children’s Medical Center Corporation starting in 2024.

Community Intervention Services, Inc.: Community Intervention Services filed for bankruptcy in 2021 and its assets were sold to National Mentor, LLC. All data pertaining to Community Intervention Services is now contained in the filing for National Mentor.
